TAKE NOTICE

All contributions to the Camp Zachary Taylor Christmas Cheer Fund must be handed into this office not later than tomorrow noon, as the money must be sent to the Courier-Journal, Louisville, immediately. The money will be used to make the Mason County boys at Camp Taylor enjoy their Christmas.

WHAT, ANOTHER?

—London, December 16—Germany is to make a final peace offer at the Christmas season, according to an official dispatch from Berlin, received in Geneva. Emperor William, it is reported, will extend the offer in his Christmas message, declaring the responsibility for bloodshed in the coming year will lie with the Entente if it rejects the proffer.

Mrs. Fithian Fearless returned to her home in Lexington Sunday after a visit to her mother, Mrs. John T. Smith, of Forest avenue.

THOMAS J. HALL

Formerly of Aberdeen, Dec. at Ft. Thomas—Was Patron of River Work and Prominent Contractor and Boat Owner.

Cincinnati, Ohio, December 16—Thomas J. Hall, 57 years old, died at Ft. Thomas at 12:30 p. m. yesterday. He was one of the foremost men among those engaged in the river traffic on the Ohio River for many years, owning steamboats and barges and was engaged extensively in the retail and wholesale coal and sand business.

Mr. Hall was a member of the Cincinnati Chamber of Commerce and of the Ohio River Improvement Association and was much interested and active in its improvement.

At the inception of his illness, some months ago, he had built up a large business in Cincinnati and the adjoining states.

Mr. Hall was born in Aberdeen, Brown county, Ohio, August 15, 1860, and was educated in the district schools of that county. In his early life he went to Nebraska, but returned to Cincinnati, where he entered business.

Mr. Hall married at Aberdeen, Ohio, in 1882, Miss Margaret Morgan, and is survived by his widow and two sons, Frederick E. Hall and Douglas P. Hall, who were with their father in business, and by his daughter, Mrs. H. S. Collingson, who now lives in Arkansas City, Kan.

Mrs. Harry Schoelwer, of Cincinnati, is visiting her parents, Mr. and Mrs. B. P. McClanahan, of West Second street.

LEAVE OF ABSENCE

For Three Months Granted to Rev. Locke White, Pastor of Central Presbyterian Church, in Order That He May Work With Soldiers.

Rev. Locke White, pastor of the Central Presbyterian Church, was granted a three months' leave of absence by his congregation yesterday in order that he might take up work as soldier pastor of the First Presbyterian Church at Charlotte, N. C., Rev. White's home town.

The membership of the church there is one thousand and on account of its proximity to Camp Green, has been a great blessing to the men at the camp. The pastor of the church there, who has been doing a great work since the camp was established, died several weeks ago and in the hour of need a call was sent to Rev. White to take up the work for the next three months. The offer was accepted on the one condition that the local church would grant him a leave of absence.

On account of the fact that Rev. White has applied for a commission as chaplain in the army there is a likelihood that he may not return to Maysville, so he may receive his appointment at any time.

Rev. White will remain here until after next Sunday, after which he will leave for his new work. During his short pastorate here he has made many friends who wish him much success in his new labors, but hope for his return to this city.

MEANS IS FREED FROM CHARGE OF SLAYING WOMAN

Concord, N. C., December 16—Gaston B. Means, was acquitted here today of the charge of slaying Mrs. Maud A. King, the wealthy New York and Chicago widow. The jury received the case last night but after two hours deliberation announced a verdict would not be returned until today.

Mrs. King was killed at Blackwood Springs, a lonely spot in the country near here, August 29, last, when with Means and a party of his friends she had stopped on an automobile drive to practice pistol shooting.

Means and the woman were alone at the time, Captain W. S. Bingham and Arton Means, a brother of Gaston Means, having walked down the road to shoot at rabbits.

A coroner's inquest accepted the statement of Gaston Means that she shot herself accidentally. It was not until the woman's body was taken to Chicago for burial that charges of foul play were made. Then the coroner's physicians declared that the wound in the back of the woman's head could not have been self-inflicted.

CAR SITUATION IS BETTER, IS CLAIM

Washington, December 16—Car shortage continues as the chief factor checking a maximum production of coal, according to statistics made public today by the geological survey. Labor shortage and mine disability are given as other causes. Bituminous mines, the tables show, are producing only about 75 percent of what they are capable of putting out.

Transportation, it is declared, is improving slowly. "A general easing up in the shortage of cars was reported," said a statement accompanying the statistics "from Illinois, Indiana, Ohio, Pennsylvania and Kentucky. In West Virginia on the other hand, the losses due to inadequate transportation was severe."

GRAND JURY

Adjourns Saturday After Returning Fifty-Nine Indictments.

The grand jury finished up its work Saturday and made the following report:

The grand jury for the December term, 1917, of the Mason Circuit Court, makes final reports as follows: We have been in session five days and have found fifty-nine indictments after having examined about forty witnesses. We have examined the public records and buildings and find them well kept and in good repair except the grand jury room, which is badly in need of repairing, paint and paper. We have concluded our labors, and ask to be discharged.

"J. M. MANLEY, Foreman."

FINE PIECE OF WORKMANSHIP

If you want to see something unique, worth while and out of the ordinary, just take a squint at the show window of Shafer & Watkins' paint store on East East Third street. In this window is depicted a scene of the pioneer days that is out of the ordinary—the old log cabin, the well with the windlass and gourd cup, the stumps of trees whose trunks have been used to build the cabin, the trees in the background and two of the members of the household at work while the head of the house has just been hit in the head with an arrow shot by a skulking Indian. The scene is truly wonderful inasmuch as it represents three months of labor at night by Mr. Charles Rayburn, of Sixth street, employed as a carpenter by the Limestone Lumber Company. All the small articles were cut out with a pen knife, while the larger pieces, such as the sassafras branches used in constructing the miniature cabin, were sawed out. The only materials used in making the various objects were wood, nails, a small amount of paint and the goods used in making the costumes of the people represented.

EXEMPTIONS

Under First Draft No Longer in Effect—New Rules Now Govern—Questionnaires Sent Out Saturday by Local Board.

Exemptions and discharges granted to registrants in the first draft were revoked at noon Saturday, when the new draft regulations became effective.

In the future all draft registrants, with the exception of those at Camp Taylor, those needed by the boards to fill their deferred quotas and those who failed to appear for examination in the first draft, will be governed entirely by the new regulations and will be required to fill out questionnaires.

The first questionnaires were mailed Saturday to the first 5 per cent of the registrants of the local board, numbers 1 to 90 being mailed. For the first few days the numbers included in each daily list of questionnaires mailed will be greater than the actual number mailed. Many of the men in the first part of the board's list are at Camp Taylor and will receive no questionnaires.

The date of mailing, Sundays and holidays, will be excluded from the computation of the seven days in which they must be returned.

The members of the legal advisory board met Saturday and took the oath required of them and were instructed in their duties. They will be in attendance daily at the various boards to aid in filling out questionnaires.

REVIVAL COMES TO CLOSE

The revival services at the First M. E. Church, South, which have been in progress for the past three weeks, came to an unexpected close yesterday afternoon when the evangelist, Rev. J. M. Bass, was called to his home in Macon, Ga., to see his 17-year-old son, who has enlisted in the navy and will leave soon to assume his duties. Rev. Bass was accompanied by Prof. Earle Stapleton, who has been the choir leader and soloist during the meetings.

During their brief stay in our city these men have made many friends who wish them God speed and much success in their future work.

CAUSE AND EFFECT

It may be that the tremendous disaster at Halifax can be explained as due simply to a blunder made by one or two men—to a momentary misunderstanding of signals or the casual turning of a steering wheel in the wrong direction. The collision of the Imo and the Mont Blanc, with its incalculable train of tragic consequences, may have been as simple as that.

But it is almost impossible for the human mind to accept so facile an explanation. It is incredible that so vast a catastrophe could have had so trivial an origin. We are prone to think that the human cause of an event must be as important as the human effect of it.

Every day ship signals are misunderstood or traffic rules ignored or vessels steered awkwardly. Ordinarily one craft bumps another harmlessly, or runs aground with little loss. Why, in this case, are thousands killed and millions of dollars' worth of property destroyed and big military and commercial interests damaged, directly and indirectly, in nearly every quarter of the world.

Was it a mere momentary lapse of clear-headedness on the part of one normal human being that did all that?

We do not know. We can never get to the bottom of things. We glibly of the causes of this and that, but they are always "secondary" causes. Unless we are very shallow we never flatter ourselves that we have got down to basic causes. In the presence of a catastrophe like this, as in the presence of the big war itself, we are driven to admit humbly that we do not know why things happen. The more we explain, the more our explanations sound like empty words.

Some call it "chance." But logical minds do not believe in chance or accident.

Others call it "fate," and thereby dodge the trouble of thinking. What does "fate" mean? If it means that the disaster had to happen, why did it have to happen?

Some, inclined toward astrology, say that it was written in the stars. But what then? Was it the stars that blew up that munitions ship?

An intelligent inquirer is likely to fall back on a First Cause—God. If we do not believe in Chance or Fate, we must appear to conclude that God did it, deliberately and purposely. But why?

We don't know. All we do know is that it seems absurd to say that any mere human being can do so tremendous a thing as that and do it as easily as he would blow a mistaken "Good morning" to a stranger on the street. Surely in an ordered world things cannot happen in so crazy a way.

A UNITED GOVERNMENT

Not one senator voted against the resolution declaring war on Austria-Hungary. There is no evidence that any of the few senators who were absent were opposed to the resolution. It was apparently in spirit as well as letter the unanimous act of the senate. The "little handful of willful men" who so bitterly fought our declaration of war against Germany and our early military preparations showed no more signs of willfulness. Nearly all of them are now actively and enthusiastically in favor of prosecuting the war with vigor and in President Wilson's phrase, ready to "go wherever the necessities of the war carry us."

In the house of representatives there was but one negative vote cast. That vote represented nothing but Socialism—and spurious Socialism at that, repudiated by the intelligent rank and file of American Socialists. This single exception emphasized the striking growth toward complete unanimity which characterizes the house no less than the senate.

This remarkable exhibition of concerted opinion and action which can hardly be matched today in any other belligerent government, is immensely reassuring. It shows that congress has learned much since we entered the war. And it is particularly reassuring at the beginning of a new session.

Coming after a recess, it shows the spirit of the country no less than the spirit of congress. The legislators have been home talking to their constituents. What they have been doing and saying since they returned to Washington is simply a reflection of what they learned at home. Their unanimity is proof of the unanimity of the nation.

Thus congress has resumed its big task under fine auspices. It is at last clear in its mind about the war, sure of public support and eager to co-operate with the Commander-in-Chief. We may expect rapid progress this winter.

THE STAR IN THE EAST

In the capture of Jerusalem from the Turks the Christian world has Christmas gift that goes far to compensate for the losses and sufferings of war. The success of the "Ninth Crusade," coming at a particular time, seems a happy omen for mankind, foretelling triumph of the mingled ideals of Christian virtues and world democracy.

"Peace on earth" appears nearer now, and "good will to men" something more than a dream.

The sentimental value of this conquest is immense, greater perhaps than that of any victory yet won by the Allies in this complex world war. It touches the hearts of hundreds of millions. It relieves the interest of good Mohammedans as well as Christians, if they revere Christ as second only to their own Prophet. It powerfully affects the Jews, because it wrests their most sacred landmarks and memorials from Turkish pollution, and insures the restoration of their Fatherland to a position of freedom and honor.

Only fools scoff at sentiment. It is chiefly by sentiment that wars are fought and won. Viewed broadly, as every event must be viewed in this vast war-theater, the triumph of Gen. Allenby's British army in Palestine probably may outweigh the Austro-German drive in Italy and all the other Teuton successes of the present year.

The star of the Allies has risen in the East.

RED CROSS

Christmas Membership Drive in Maysville County.

The coming membership drive for the American Red Cross is the biggest campaign ever planned.

The goal is fifteen million members who will form a civilian army of volunteers, the like of which was never known.

The legion of workers required to enlist this army will exceed any similar force.

The amount of publicity of various types used will surpass any previous advertising campaign.

The purpose of the drive is to reach those in the earlier campaigns did not reach.

Success means driving home to Germany the fact that the American people are standing firmly behind the American Government in the present situation.

It means inspiration to our soldiers. It means practical aid on the battlefield.

TO AILING WOMEN

A Little Sound Advice Will Help Many a Sufferer in Maysville

No woman should consider herself healthy and well if the kidneys are weak. Poisons that pass off when the kidneys are well, are retained to the body when the kidneys are disordered. If the kidneys and bladder become inflamed and swollen worse troubles may quickly follow. This is often the cause of hearing-down pains, lameness, backache, etc. Uric poisoning is also frequent cause of headaches, dizzy spells, languor, nervousness and rheumatic pain.

When suffering so, try Doan's Kidney Pills, a remedy that has proven effective in thousands of such cases. Let a Maysville woman tell of her experience.

Mrs. J. C. Hays, 493 W. Second St., Maysville, says: "About six years ago, I suffered from a severe attack of kidney trouble. My back first became lame and ached dreadfully. Pains shot through it clear up to my shoulder blades. My kidneys were irregular in action, too. A few boxes of Doan's Kidney Pills, which I got at the Chenoweth Drug Co., helped me a great deal. My kidneys became normal and the pains left my back. I have used Doan's Kidney Pills for a similar attack since and they have proven satisfactory."

Mrs. Hays is only one of many Maysville people who have gratefully endorsed Doan's Kidney Pills. If your back aches—if your kidneys bother you, don't simply ask for a kidney remedy—ask distinctly for DOAN'S KIDNEY PILLS, the same that Mrs. Hays had the remedy backed by home testimony. 50c all drug stores. HOW TO PREVENT RADIATOR FREEZING

Farm and Fireside, the national farm paper published at Springfield, Ohio, says:

"I have tried the various anti-freezing radiator solutions with indifferent success. Winter temperatures have the habit of falling just about the time a portion of the alcohol in the anti-freezing mixture has evaporated, and the result is a frozen radiator. This does not always mean injury to the radiator or water jacket, because if there is some alcohol present the ice will be soft and slushy. But it stops circulation, as the lower hose connection freezes first, and what alcohol remains in the unfrozen water boils away by the time the car has been driven a mile or two. So after I had purchased and used up three gallons of alcohol, at \$1 a gallon, I decided that draining the radiator at night was the safest course to follow."

RED CROSS DRIVE NEARS

Campaign For Members Opens Monday, December 17th; Past Record Argues For Support

Presenting a record of accomplishments unparalleled by any similar institution in the world's history, the American Red Cross Monday begins its nation-wide Christmas Membership Drive for 15,000,000 members by Christmas Eve.

Thirteen million separate articles—hospital supplies—the handwork of thousands of American women, have been shipped overseas in the last seven months. The average daily tonnage in that period equaled twenty carloads. These supplies have been distributed among 3,423 war hospitals.

In this same seven months the Red Cross organized forty-five ambulance companies, and forty-nine hospital units. It has enrolled 14,000 nurses, 2,000 of whom are already in foreign service. To offset the depletion it has made in the ranks of nurses and surgeons, the Red Cross has given "home care of the sick" courses to 34,000 women.

From its War Fund the Red Cross has appropriated \$20,601,240 for relief measures in France. It has appropriated for work in Belgium \$720,000, in England \$1,066,520, in Italy \$750,000, in Russia \$1,359,000, in Roumania \$1,518,000, and among Armenians and Syrians \$1,800,000.

Appropriations in U. S. About \$11,000,000 has been appropriated for work in the United States. This \$7,600,000 will be returned to War Fund, as this amount was 4 in purchasing yarns and raw materials for resale to chapters. Remainder has been spent in the

army cantonment and training stations in each of which a bureau of camp service has been established.

In connection with the administration of the War Fund comes the statement from national headquarters that the cost of raising this tremendous fund was just a fraction above one half of one per cent of the \$119,000,000 subscribed. Through a wide use of volunteer executives and a close system of interests with the banks the Red Cross is getting \$1.02 worth of work out of every dollar that has been raised for the War Fund.

The aggregate quotas of Ohio, Indiana and Kentucky (the Lake Division states) is 1,600,000, just about double the present reported membership in this territory. Every one of the 345 chapters in these states has appointed a campaign manager and is prepared to make a vigorous house to house, factory to factory, store to store, office to office canvass. Two-thirds of the drive supplies are in the hands of the chapters and the remainder will be delivered by Monday.

Tuesday will be Civil Employers' Day, Wednesday Women's Day, Thursday School Day, Friday Employees' Day, Saturday Boy Scouts' Day, Sunday Church Day, and Monday, Dec. 24, Red Cross Christmas Ceremony Day, winding up with the lighting of candles behind Red Cross service flags in windows and with carolling.

CARING FOR STRICKEN CHILDREN.

Illustrating the type of humanitarian work being carried on in France by the American Red Cross is the following cablegram received within the past week from Maj. Grayson, M. P. Murphy's relief forces in that stricken country:

"At Evian the Red Cross opened a children's dispensary in the garage of an old hotel. Ten days ago a general hospital was opened at Evian. It is already overcrowded with cases of diphtheria, measles, scarlet fever and whooping cough. American doctors twice daily examine an average of 250 children arriving from behind the German lines and sent to contagious hospitals."

Every contagious case thus stopped may mean that an epidemic is stopped somewhere in France.

FEEDING AMERICAN PRISONERS.

American prisoners of war in Germany are to be supplied with food and clothing by the American Red Cross.

Already 1,800,000 rations, or enough to feed 10,000 men adequately for a period of six months, have been ordered. Food will be sent through to prison camps by way of Bernese Switzerland. In addition to the regular ration a special ration for invalid prisoners is being worked out.

WHAT NORTHCLEFFE SAYS.

Lord Northcliffe, recently in this country representing the British government, said of the American Red Cross: "Any good deed made to you for help in this good work. Victory depends in large measure upon treatment of the wounded. When the U. S. has two million men in the field, the American Red Cross will have thousands to care for. See to it that the Red Cross is put in a position to look after them well."

WARNINGS FOR THE HOME

Every year in America many children are burned to death by fire from Christmas candles.

A house of merriment is better than a house of mourning.

DO NOT decorate your Christmas tree with paper, cotton or any other inflammable material. Use metallic tinsel and other non-inflammable decorations only, and set the tree securely so that the children in reaching for things cannot tip it over.

DO NOT use cotton to represent snow. If you must have snow use powdered mica or asbestos fibre.

DO NOT permit children to light or relight the candles while parents are

not present. They frequently set fire to their clothing instead. Electrical illumination is safer.

DO NOT LEAVE MATCHES within reach of children at holiday time. Candles are meant to be lighted, and if the children can get matches they will experiment with them. They imitate their elders.

DO NOT allow trees to remain inside buildings after the holidays. The tree itself ignites readily when needles have become dry. A large number of fires usually occur in January from this cause.

Where are you going to put the boxes, excelsior and other combustible packing material that come with Christmas gifts? Unknown to you, the life of a child may hang upon your answer.

Fire prevention leaves no afterthought of regret.

Bad Weather — BUT — GOOD TOBACCO PRICES!

The weather prevented the delivery of much Tobacco for the opening sale, but prices were up to expectations. We sold a small crop of 560 pounds for Comer and Detrol that brought \$21.17, making an average of \$37.76 per hundred pounds. The eight baskets sold as follows:

75 lbs. Leaf @ \$10.00.....	\$30.00
80 lbs. Leaf @ \$11.00.....	32.80
65 lbs. Lugs @ \$15.00.....	29.25

The headquarters for the Mazon County Red Cross Membership Drive will be at the Chamber of Commerce. The Executive committee are at present perfecting the organization plans for the precinct work. Quite a number of our prominent men have offered their service in helping this patriotic work and it is the desire of the committee that if you can spare a little time to assist you will call or phone the Red Cross headquarters at the Chamber of Commerce and make known your desire.

This campaign will be conducted in strict accordance with the National Red Cross plans of organization. The one particular point that the National Red Cross wants everybody to understand is that this campaign is for 1918 memberships and not War Fund.

Mr. Merchant, we again urge you to lend every effort to help make this campaign a success. We would like to see Red Cross literature in every merchant's window and store.

Get the spirit of a Red Cross in Mazon county and Christmas will mean so much more to you.

The following is a telegram received by Mr. J. N. Kehoe:

J. N. Kehoe, Chairman Red Cross, Maysville, Kentucky.

Dan Gerson, Cleveland representative American Red Cross, will reach Maysville Tuesday 10 a. m. Have committee confer with him relative to Christmas membership drive. Will leave Tuesday, 4:52 p. m. Important.

(Signed) FRANK C. GREEN, Kentucky Director American Red Cross.

KENTUCKY WILL GET FUEL
Frankfort, Ky., December 15 — Through the efforts of Governor Stanley the fuel shortage in Central Kentucky is being relieved. At the Governor's suggestion, 800 earloads of coal standing at Ravena, Ky., have been released by Fuel Administrator Garfield for use in Kentucky cities.

This coal was consigned originally for Ohio and Michigan points, but could not be shipped North because of the congested condition of the railroads. The cars will be unloaded quickly and returned to the mines.

Mayor Rosson said tonight that Frankfort was the first city to get relief.

Mr. W. Houston Hall returned Saturday afternoon from Langeloft, Pa., where he was called some ten days ago by the serious illness of his sister, Mrs. Howard Curtis. Mr. Hall reports his sister's condition as still rather critical.

Miss Dorothy Wright of Cincinnati, who has been a patient at Hayswood Hospital, has sufficiently recovered to be removed to the home of her aunt, Mrs. Homer D. Ellis, where she will spend several weeks recuperating.

Mr. and Mrs. Joseph F. Watson, of Lexington, are the pleasant guests of Mrs. Ella M. Allen, of East Second street.

The thermometer stood at 1 degree above zero this morning and 4 above yesterday morning.

SYSTEM OF SPECIAL TRAINING FOR DRAFTED MEN

Washington, December 16—Creation of a war training department to administer a system of special vocational training for drafted men was announced tonight by the federal board for vocational education. The department will co-operate with the War Department and the shipping board in supplying shortages of skilled men for essential war work.

The department will establish vocational schools and classes to train men in large numbers for special army work and for government construction. Already the federal board is training 15,000 radio and broadcaster operators for the signal corps.

Mother's Christmas Surprise—The HOOSIER KITCHEN CABINET

To the woman whose kitchen is her pride the Hoosier Kitchen Cabinet will be the pride of her kitchen. It will be the never-to-be-forgotten gift.

One Hoosier feature is the Shaker Flour Sifter. It is four times faster than most, and makes flour light and fluffy.

Another is the revolving rack of six glass Spice Jars. They keep your spices ever-ready for use and yet air-tight.

The table top is made of Porcelain, another convenience. No scrubbing of wood that collects dirt. No tacking of oilcloths—the Porcelain top is as easily cleaned as a china plate.

Any one of Hoosier's 40 labor-saving features is valuable. But assembled and handily arranged compose a wonderful working machine.

Don't wait until the last day to place your order. There is a possibility of disappointment if you do. He safe—place your order with us now. We will make the delivery on Christmas morning or whenever you desire. Prices range from \$20.25 to \$39 and easy terms may be arranged.
